ST. ANNE'S CHURCH ANNUAL TEA AND SALE OF WORK

The ladies of St. Anne's church will hold their annual tea and sale of work in the Matonic hall on Wednesday afternoon, November 26th; from 2 to 6. A whist drive will be held in the evening of that date at 8 o'clock.

Mr. and Mrs. H. M. Bennett are rejoicing over the advent on Saturday of a baby daughter.

CHURCH OF ENGLAND

Sunday, October 26th—
11 a.m.—Holy Communion and Service.

2:30 p.m.—The Catechism.

H. Laurence Nobbs,
Priest-in-Charge.

Burnett & Crickshaw, Limited,
Hillcrest, Alberta, was incorporated
on October 2nd, with a capitalization
of \$30,000.

SHADOW SOCIAL HUGE SUCCESS

The shadow and basket social, held at the United church on Monday evening was indeed the success of the season.

Prior to the sale of shadow, a splendid programme was rendered which included the following:

Selection by the Ladies orchestra under their leader, Mr. J. E. Upton. Recitation—"Hot Asphalt," by John Lloyd.

Duet—"The Key of Heaven," by R. Dicken and Glyn Thomas.

Vocal Solo by Mrs. S. Bannan.

Selection by the orchestra.

Duet—"Cattino," Misses Dicken and Palmer.

Quartette by four Tuxis boys.

Violin Solo by Mr. Moser.

Irish Melodies by Miss Rena Dawson.

Quartette by four Tuxis boys.

Selections by the orchestra.

All items were well received and repeatedly enjoyed.

Next a curtain was drawn and the anxious duties of auctioneer fell upon Mr. S. Bannan to dispose of the young ladies' shadow.

Thirty-six shadows appeared on the screen and were disposed of at prices ranging from one to five dollars.

Following the sale the young folks repaired to the Mission hall, where tables were spread and supper was had.

Ladies Aid serving tea and coffee.

Baskets were found to contain a bounteous supply of sandwiches, cakes, fruits, candies, etc., all of which were much enjoyed, particularly by the young men who had purchased an interest in them.

The shadow social proved very much of a novelty and the success that attended the efforts of the young folk fully repaid them, the net proceeds amounting to \$31.00. This amount will go towards the funds in this community.

Following the supper, a vote of thanks was tendered all who took part in the programme, particularly the auctioneer, who proved himself more than equal to the occasion.

SUNDAY SCHOOL RALLY DAY AT HILLCREST

Sunday, October 18th, was a banner day in the history of the Hillcrest Sunday School.

On this day, set apart by the United Church of Canada as Sunday School Rally Day, the officers and members of the Sunday School held a public meeting in the picture hall, the church building being obviously far too small to accommodate the audience.

The picture hall, kindly loaned for the occasion by Mr. W. Cole, was crowded to capacity, many being obliged to stand. It is estimated that between four and five hundred people, children and adults, attended the service.

The service was conducted almost entirely by the children and had many outstanding features, among which particular mention might be made of the really good music furnished by the Sunday School orchestra and the singing of the Sunshine Girls choir. These two features came as a surprise to the majority of the audience. The orchestra was trained by Mr. Harry Stobbs and is probably unique in Alberta, the instrumentists being all Sunday School scholars of tender years. The choir of Sunshine Girls, part of the junior C.G.I.T., gave two very good selections and their leader, Miss Horton, and conductor, Mr. John O'Leary, are to be congratulated on the results of their tuition. The girls, very few of whom have reached their teens, sang with sweetness and distinctiveness that might well be envied by older and more experienced choirs. The individual items on the programme were all exceedingly well rendered, the suggestion in every one being distinct enough to be easily heard in all parts of the hall, while the execution was of a high order.

The meeting was opened by the Rev. C. S. Pinder at 2:30 p.m., Mr. Pinder giving a brief explanation of the service, which throughout was conducted in accordance with the order of service issued by the educational board of the United Church of Canada. After the opening prayer, in which all joined, the children worked through their programme, particulars of which are given below:

Selection by Sunday School Orchestra, conductor, Mr. Stobbs.

Chorus by Sunshine Girls' choir, conductor, Mr. J. O'Leary.

Poem—"What Can a Little Chap Do?" by David Hale (aged six years).

Recitation—"What Do I Owe?" by Mary Warriner.

Recitation—"Carry On," by John Cunningham.

Chorus by Sunshine Girls' choir.

Recitation—"A Prayer," by Beatie Davies.

Solo—"My Task," by Jennie Stobbs.

Address—"Christian Loyalty," by Irene Turner.

Selection by Sunday School Orchestra.

Pageant—"Peace," by the junior C.G.I.T., directed by Miss Reid.

Selection by Sunday School Orchestra.

The Sunday School and all connected with it are to be thoroughly congratulated on the splendid showing at this service, and the satisfaction of work well done, and being done well, will probably more than repay those who have given time and thought in the endeavor to make the Sunday School the important factor that it is in the life of this community.

Mr. Pinder, in closing the meeting, briefly outlined the work and aims of the Sunday School and the different children's clubs and organizations, laying particular emphasis on the fact that the Sunday Schools of the United Church of Canada are all the time working to make better Canadians in a better Canada.

The following sign hangs in a Fannie music store window: "Kiss The Girl You Love," and several others.

HOME BANK COMMISSIONER VISITS BLAIRMORE

Ex-Mayor G. G. Henderson, of Fernie, special commissioner, appointed by the federal government to look into the interests of Home Bank depositors, spent Monday and Tuesday in town, and in that time met the majority of those in this district whose accounts in that defunct institution happened to figure out at more than the \$500 limit set by the Dominion senate.

There are still a large number to be interviewed, and Mr. Henderson, who is exceedingly busy along the same lines at Fernie, promises to return to Blairmore early next week, probably Monday, when all should make it a point to furnish him with a statement of their affairs.

LOCAL MINER VICTIM OF GUN ACCIDENT

As we go to press word is received that Samuel Crawford, of Victoria Street east, had this afternoon met with a gun accident while hunting for rabbits south of town. No particulars are at hand except that a gun was accidentally discharged, the bullet passing through his leg just below the knee. He has been removed to the local hospital.

The term of Lieut.-Governor R. G. Brett expired on Tuesday, but no announcement has been made by the federal authorities as to his successor. Dr. Brett, however, will carry on until he receives official intimation from Ottawa.

CONSERVATIVE MEETING HERE ON SATURDAY

Remember the big public meeting to be held in the local opera house on Saturday night, October 24th, at 8 o'clock sharp.

This meeting is in the interests of the Conservative candidate, Mr. John Herron, and will be addressed by Mr. A. L. Smith, K.C., of Calgary, John Herron and others.

The tariff issue and its relation to the coal industry will be fully dealt with.

ELECTIONS A WEEK FROM TODAY

Only a week now and the electors will be privileged to decide between three parties and three candidates in this riding. The campaign has not been very brisk and not so very much interest seems to be manifest.

John Budd has returned from Calgary, where for the past few months he has been employed in one of the government vendor stores.

A successful whist drive and social was given last night by Greenhill Temple, Pythian Sisters. Twenty-seven tables of whist were operated and valuable prizes were awarded.

Livingstone Lodge No. 22, Knights of Pythias, are holding a whist drive and dance in the Lodge Hall on Friday night, October 30th. Usual prizes for whist, also a prize for a novel dance. Come in thousands, there's room for all.

WORLD HAPPENINGS
BRIEFLY TOLD

Silk valued at \$250,000 was stolen from a building in Madison Square, New York, by four robbers, who left the watchman handcuffed and gagged.

Banking interests of Northern Italy are negotiating for the purchase of 40,000 acres of farm lands in Manitoba, on which it is planned to settle 600 families.

"In my opinion the Indian uses less drugs in his daily life than the Englishman, Canadian or American," declares Wardlaw Milne, Kidderminster, British parliamentary member.

The mystery surrounding the destruction of beehives at the rectory of Les Peres, Rodemort-sur-Loire, France, was solved when a 230-pound bee was shot and killed in the act of robbing a hive.

Western ranchers and farmers will stop raising cattle unless the discrimination against them in shipping for export is removed, declares Dr. R. Russell Ormiston, Winnipeg, of the Dominion department of agriculture.

Lena Trotzky, a little undernourished woman by his strenuous labors at the economic tasks assigned him on his return to Moscow five months ago, has been compelled again to relinquish active participation in the Soviet regime.

Great Britain had retained a decrease of 84,000 gross tons in ship construction for the past three months, while the total world decrease was 150,000 gross tons.

Germany showed the greatest drop, losing 100,000 tons. Italy and Holland showed increases.

A Bosnian farmer at Seda has become rich by his dream.

He sold a huge ash tree off his farm to an Austrian manufacturer for \$28,000. The value of the tree consisted in its marble-like veins and cross-color patches.

Royal household budgets these days are subject to the same economic laws as those of humbler individuals, and Queen Wilhelmina has found it necessary to notify all her employees that their salaries will be cut by 10 per cent. as from January 1 next.

A long standing superstition that a hoodoo follows any attempt to produce on the stage the life of Edgar Allan Poe, was strengthened when J. W. Mayers, manager of the Liberty Theatre, where a play of that nature has just proved a failure, died of pneumonia.

The wharf at Jeddah, on the Charlotte Island, B.C., and the entire railway plant of the Imperial Trading Company, a Japanese concern, collapsed here, where a play of that nature has just proved a failure, died of pneumonia.

Complete removal of the sales tax in Canada will be one of the subjects brought forward for discussion at the National Conference of Canadian Dealers of Trade which will be held in Winnipeg this winter. It was announced following a meeting of the council of the Vancouver, N.C., board.

Flying Boat Will Be Huge

Machine of Future Will Also Attain Great Speed

The flying-boat of the future, carrying 100 passengers at a speed of 100 knots, was discussed at a meeting of the British Association by Oliver Stimson.

He told the engineering section how this giant vessel, built with two decks, would make non-stop flights of 1,000 miles, or cross the Atlantic with one stop in thirty-six hours.

Such a commercial machine would probably have an all-steel monoplane body of some 6,000 square feet wing area and 220 ft. span. The power units would be housed in an engine room built into the thick wing, some 30 ft. from the hull, and the output from each room, at full revolutions would be some 3,000 horsepower.

The hull would be arranged in two decks to provide spacious accommodation for a hundred passengers. The speed would exceed 100 knots, and the boat would undertake flights up to 1,000 miles without stopping.

By slightly reducing the number of passengers such a boat could fly from Europe to America with only one stop, at the Azores, and accomplish the whole flight within 36 hours.

Apples On Prairies

Planting of apple seed in Manitoba and other sections of the prairies is rapidly increasing, according to the superintendent of the Morden experimental station. Ten fine apples of five varieties from Rathfriland, Manitoba, recently reached Winnipeg. They are all of Russian origin, and the largest measured eleven and a quarter inches in circumference.

An almanac, printed in 1645, was the first book in Norway.

W. N. U. 1529

A Grateful Tourist

American Tourist Has Pleasant Recollections of Trip in Canada

As the tourist business is the nation's business and as the Canadian people are Canada, they will be glad to know that the natural resources and intelligence service of the department of the interior has received many letters of gratitude from tourists who have visited Canada the past summer. Herewith are two letters which, while they were sent to the above branch, were really intended for the Canadian people. Names will not be mentioned, but the letters are too good to be just buried in files.

Early in August an American tourist wrote:

"I am leaving here on Monday, August 24th and will go through Canada from Detroit to Quebec. Then, if roads are good, up into that country, on into Rivière du Loup and down to Fredericton to Halifax and St. John's, N.B. Could you suggest any way particularly for me to go and find better roads?"

"I thank you for any help you may be able to give me, and for your trouble in this."

The natural resources intelligence service supplied the writer with a detailed route, which was evidently satisfactory, if one may judge by the next letter.

"We have just returned from what has been one of the most interesting motor trips we have ever had. I want to thank you for your aid in planning our trip, and the very clear maps you so kindly sent me."

"While on the subject let me compliment the different provisions of Canada on the good condition and upkeep of their highways, also the evidence all along our touring route, of continued improvements to these roads."

"We will hold very pleasant memories of our trip, due to the many courtesies of your government and the people we met in Canada."

It is just such little courtesies as were received by these visitors along their route that make friends, and Canada and the Canadian people cannot have too many friends.

Learning His Responsibility

Young Duke of Norfolk Will Be Worthy of Title

It is the youthful Duke of Norfolk to whom American visitors have given the title of "The Poor Little High Boy." They cannot understand why a youth of 17, who has inherited property valued at twenty millions sterling, should be kept in an ordinary house, instead of a castle, and should be limited in pocket money and in his recreations. The seventeen-year-old son of an American millionaire would probably have everything his heart desired. In Britain, however, the holder of any ancient title is brought up to a sense of the responsibility of riches, and the Duchess of Norfolk is, very wisely, training her boy in a way that will ensure that he shall be worthy of his honored title, and that the income of the estate shall be carefully conserved until he comes of age.—Glasgow Herald.

Against Law and Order

Field Marshal Haig Pays Respect To "Red" Movement

Field Marshal Earl Haig, in recalling the freedom of Britain recently, said: "It is my mind against the law and the failure to make adequate national provision for the men, set free by the forces that are aiming, frankly and avowedly, at the breakdown of law and order. While the war lasted, the comradship of all ranks left no room for the spread of the foul distemper that is now sapping the foundations of the state."

Radio Craze Strikes Japan

Students Are Neglecting Their School Work to Listen-In

The radio craze has grown to such an extent in Japan that some of the leading school authorities in Tokyo have issued orders that students shall not "listen-in" during certain hours of the evening, but shall devote these hours to their studies. The school heads found upon investigation that the youngsters were neglecting their school work in the evening to listen to the radio.

British Families Locate in Alberta Sixty-nine families from the British Isles have been brought over and placed on farms in Central Alberta under the settlement branch of the department of immigration and colonization since the end of April. These new settlers are all of a selected type.

The smallest animals in the London zoo are pigmy mice from Western Africa. The mice are about the size of honey bees.

The capital of the island of St. Helena is known as Jamestown, and is strongly fortified.

ECLIPSE
FASHIONS

Girls' Attractive Suspender Skirt and Blouse

A charming frock featuring the plaited flared at the sides, which is bound to be a favorite with girls. It is made of a material of another kind, but harmonizing color. Many mothers have short ends of material to the sewing room, and this model offers an excellent opportunity to use them. The accompanying diagram gives a very clear outline of the frock, and a chart with full directions is included with the pattern. Size 8, 10, 12 and 14 years. Size 10 requires 3 yds. of 36-inch material for the jumper, and 1 1/2 yards for the blouse. Price 20 cents.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically by following the styles pictured in our new Fashion Book. A chart accompanying each pattern shows the material as it appears when cut out. Very detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

Money Pours In

Plenty of Funds to Restore St. Paul's Cathedral

Thanks to a heavy response from all parts of the world, which resulted in contributions continuing long after the time had officially elapsed, the fund for restoration of St. Paul's Cathedral has now reached the high mark of a quarter of a million sterling. The Times announces. For weeks past a small but persistent aftermath of contributions to the fund for the preservation of St. Paul's Cathedral, and at the end of August the grand total of subscriptions received since the appeal was launched in January amounts to a quarter of a million pounds.

A quarter of a million is nearly twice as much as the Dean and Chapter found it their duty to ask for at the beginning of the year; for their commission of experts, who had taken over three years to consider the problem, put the required amount at £120,000 to £140,000. The appeal had not been before the public longer than a fortnight when, on St. Paul's Day, the fund handsomely exceeded the greater of the two sums. It was evident, however, that that crowning day in response to the appeal would certainly not be the last on which money would be collected, and from then until now contributions have flowed in.

Wheat Pool in Alberta

The Alberta Wheat Pool is making a drive for another 1,000,000 acres. It already has 25,000 members representing more than 2,500,000 acres of wheat crop and it wants 10,000 more members.

Shielded Plate

The so-called Shielded Plate, an imitation of silver made by pressing or "stamping" a thin slice of silver on to copper, was first made in England in the reign of George III.

Increased Traffic

Through Suez Canal

Growth of Shipping Compels Continuation of Enlarging of Waterway

Unlike the Panama Canal, the Suez Canal has no locks. As first constructed, the canal had a depth of 26 feet. Later, this was increased to 36 feet. Now work now in hand, when finished, will insure an average depth of not less than 40 feet. Big steamers now passing through the canal draw a maximum of 31 feet, and craft having a draft of 33 feet will use the waterway before long. In short, the growth of shipping compels the continual amplifying of the canal's dimensions so as to provide suitable leeway for the safe movement of the great tide of traffic.

Originally, the bottom width of the canal was but 72 feet, while at present it is 150 feet. The intention is to augment this to 300 feet. Today, the surface width of the canal varies from 310 feet to 535 at some points. The minimum width is to be increased to 400 feet. Formerly, it was not possible for ships of more than 4,000 tons to traverse the canal, but now vessels of 20,000 tons can make the run.

The trip through the canal takes 16 hours—only 14 of which represents progress. About 15 ships go through the canal every twenty-four hours; and their navigation is supervised by expert pilots. In 1870, the number of vessels using the canal was 486, representing a total of 456,599 net tons. During 1915, a matter of 5,085 ships entered the canal; and these vessels had a registered capacity of 20,033,884 net tonnage. Naturally, trade was interrupted during the World War. Recovery has been hampered, but the latest figures available—those for 1923—show that 4,821 craft then used the canal, with a net tonnage of 22,730,162.

Refused To Dan

Distinguishing Features

Head of Berlin's Exclusive Fashion House Is Bankrupt

Because seventy-four-year-old Baron Christof von Drecoll, head of Berlin's most exclusive fashion house, refused to don slippers, his firm has been compelled to go into bankruptcy.

Von Drecoll designed gowns and trousseaux for practically all the German Princesses, and when the "Empress" Hermine started for Holland to join Wilhelm II. in Wilhelmshaven, she stopped in Berlin long enough to have her wedding gown and other clothes made.

Germany's upper 400 were quite much charmed by the venerable head of the firm as by the creations of his staff, for Baron Christof always insisted upon personally waiting on all distinguished customers and putting the finishing touches on their gowns.

During the inflation period much comment was caused in society and former court circles when it was reported that the British royal family was placing orders with von Drecoll, and the London fashion shops started a big protest.

The Baron, who before the war conducted shops also in New York, Vienna, Paris and London, insisted that his clients of distinguished head must not be deceived. This greatly aided in his liabilities exceeding his assets.

Facing Another Problem

Railways Trying to Safeguard Automobiles

Railway travel has been made so safe that the problem facing the steam roads is not that of protecting passengers and employees, but of safeguarding the occupants of automobiles at grade crossings, and that is the problem facing the railways. C. C. Gray, of Omaha, president of the Union Pacific system, at the annual banquet of the national safety congress at Cleveland. "The railroads have become vitally concerned about grade-crossing accidents not only because of injury and death to motorists, but because of the danger that such accidents may derail trains," he said.

Pure-Bred Poultry

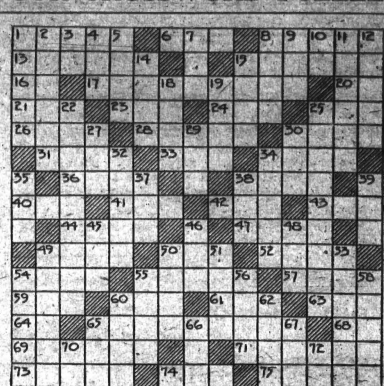

Evidence that Mayotte farmers are showing increasing interest in pure-bred poultry is demonstrated in the fact that in a recent carload shipment of poultry headed at Brandon by the Manitoba Co-operative Poultry Marketing Association in conjunction with the Dominion livestock branch, a very high percentage of the birds composing the car were of standard breed varieties.

Million From Amusement Tax

For the fiscal year ending October 31, 1925, the province of Ontario will have increased its revenues by approximately \$1,470,000 from the provincial amusement tax. This is \$700,000 more than 1924.

The United States contains about 15,000,000 persons of foreign birth.

THE ELECTION

As our country is now in the midst
of a Dominion general election it
may reasonably be expected that in
every community opinions will differ
as to what party and what policy will
be in their best interests.

In arriving at a conclusion as to
what way to vote we should not be
influenced wholly by selfish reasoning
but should rather consider the wel-
fare of our country as a whole.

By nature the whole world moves
in a circle. The sun, the moon, the
stars and the earth move in harmony,
each having its influence on the
others. The moment any one of
these refuses or neglects to perform
its duty to the others, disaster is sure
to follow. It is the same in the human
family. Each individual is a cog in
the wheel of his community. Each
community is a cog in the wheel of
the province and each province is a
cog in the national wheel. Just as
rust or lack of oil in the machinery
will shut down a whole plant, so will
unemployment and the cutting off of
wages in any part of our country be
felt over the whole nation. For this
reason voters should take a broad
view of all the questions brought to
their attention by party leaders and
papers, and vote for what, in their
own opinion, will be for the general
good of all Canada.—Reidcliff Review.

"HONEST CHARLIE" STEWART

Let one's political policies be what
they may, there can be no denying
the fact that in the person of the
Honorable Charles Stewart, the West
has the staunchest of supporters; a
man of sterling worth, high ideals,
broadminded and honest—"Honest
Charlie," the cognomen which has so
often been applied in reference to
him, is very applicable.
Mr. Stewart informed us, on Tues-
day night, that he went to Ottawa
with the same idea that has caused
the organization of the Progressive
party, namely, that the West wasn't
getting its just dues by the East. He
had radical and provincial views on
that, but when it came to presenting
those views they appeared very nar-
row, very provincial indeed, when the
whole of Canada was considered. To
legislate in the interests of the Do-
minion, from coast to coast, said Mr.
Stewart, was the aim of the Liberal
party—a united and progressive Can-
ada.

Mr. Stewart was given a cabinet
seat, with the portfolio of minister
of the interior, as a fulfillment of a
promise to the West by Premier
King. Personally we believe it was
a sore touch to him to have to find
a seat in Quebec last election. This
election, we are, without the least
equivocation, glad to say that he is
running in one of the Edmonton seats
and we hope that he will be one of
the West's representatives at Ottawa
for many years to come.—Brooks
Bulletin.

The provincial command of the
Great War Veterans' Association of
Alberta, has been incorporated under
the Societies Act. The object of the
society is to perpetuate the close and
kindly ties of mutual service in the
Great War, the recollections and as-
sociations of that experience and to
maintain proper standards of dignity
and honor between all returned sol-
diers. To preserve the memory and
records of those who suffered and
died for the nation; to see to the
erection of monuments to their val-
our; the provision of suitable burial
places, and the establishment of an
annual memorial day.

THE VALUE OF A TON OF WOOD

To most of us a ton of wood—hard-
wood scraps, shavings, sawdust, broken
tree limbs and other timber—is
just so much fuel for heat. In an ordi-
nary house furnace it wouldn't last
long enough to make any appreciable
discount from our fuel bill and would
be mighty bothersome in our cellars
because of its bulk.

A distillation plant can reclaim
from the same ton of ordinary wood,
135 pounds of acetate of lime, 61 gal-
lons of 82 per cent methyl alcohol,
610 pounds of charcoal, 13 gallons of
tar, heavy oils, light oils and creosote,
and 600 cubic feet of fuel gas.

And it's quite the same case with
most of us when we tap the natural
resources within ourselves. From a
purely chemical standpoint, the ingre-
dients in the human body are hardly
worth a dollar or so. Yet there are
tremendous earning powers within
most of us if we could only exploit
our hidden resources.

Make every power within you
count. Analyze yourself and get thor-
oughly acquainted with every capa-
bility you own—but you need not look
below your chin. Your major powers
are all centered in your mind and
brain, learn to know them intimately.
What's the use of being just so much
fuel in life's furnace, when you are
so rich within yourself?

"Look for goodness, look for glad-
ness."

You will meet them all the while;
If you bring a smiling visage
To the glass, you meet a smile."

—Alice Carey.

CERTAINLY IMPROVING

Today we tap the socket for our
music, heat, light and power. To-
morrow we tune our thought-waves
and communicate with China.

Today we burn millions of tons of
coal to keep things moving. To-
morrow we will can the heat from the
sun, and open the can on a cold day.

Today we travel sixty miles an
hour on the rails and much faster in
the air. Tomorrow we will be going
two thousand miles a minute through
a tube.

Two thousand years ago they were
very much concerned over the young-
er generation. Today we are worry-
ing over the same problem.

Centuries ago the tribes were al-
ways fighting each other. Today we
are doing the same thing on a larger
scale.

Egyptian tombs prove that the Hip-
stick is thousands of years old. To-
day it is looked upon as a modern
method of making a mummy look like
a live one.

In science we progress; in styles
we revolve; in comforts we improve;
but we have not learned the way to
get on with each other.

Almost every day we have a scrap
with some one. Every twenty-four
hours we have a word war with some-
body. Quite often we lose our heads
completely and upstart or get a
straight jab.

We are wonderful people in the
head, but our hearts need improving.
We are fire-eaters even in our family
circle.

The financial resources of a man
may be great, his social position good
and with all these happy surround-
ings he will fight the walter, quarrel
with his neighbor or misuse his own
body just to get even.—Es.

A report says that strawberries are
still being picked at Bellevue, and
that on Wednesday of last week, Mrs.
R. T. Johnson picked a dish of ripe
ones and reports plenty of nice green
berries. Mrs. Johnson's are of the
everbearing variety and were brought
here from California four years ago.

An especially made pair of shoes
offered as a prize for the biggest feet
in East St. Louis, was awarded to
William Haley, a negro, who is six
feet two inches tall, weighs 287
pounds, and has feet eighteen inches
long and five inches wide. Although
there were five others who were sizes
above 12, Haley's mammoth steppers
stamped out all competition.

ALBERTA LINKS UP

WITH CONTINENT

For the first time in the history
of Western Canada, telephone con-
versation was held on Sunday be-
tween Edmonton, Alberta, and Mon-
treal by way of Chicago and New
York. Universal telephone service
with the entire continent will be
brought into effect by the Alberta
Government Telephone system this
week. The ceremony celebrating the
event was held on Wednesday of this
week, with Lieutenant-Governor R.
G. Brett, of Alberta, holding conver-
sation with Baron Byng, Governor-
General of Canada, at Ottawa. The
service now in effect makes it possible
for practically the entire telephone
system in Alberta to obtain telephone
connection with all points in the west-
ern provinces, Eastern Canada and
the entire United States, and even as
far south as Havana, Cuba. By the
system of repeaters now in use, and in
Constantinople have been required
invented some years ago, it is pos-
sible for the human voice to be heard
pictures, their names and the names
distinctly over great distances by the
phone lines, and this is the secret of it.

the establishment of the universal
telephone service.

Alberta province is the first prov-
ince or state on the continent to es-
tablish universal telephone service.
Connection was already established
some years ago with Winnipeg, and
with Salt Lake City, but now full
telephone service will be possible
with all points on the Pacific coast,
including Vancouver, as well as in
Eastern Canada and the States. The
additional equipment necessary to
make this service possible has been
comparatively small so far as the Al-
berta system is concerned.

Twelve hundred and seventy-nine
carloads of coal were shipped from
Drumheller last week.

Henceforth it will be necessary to
obtain a license to wear a turban in
Turkey. It may be worn only by the
Turkish priests and the 1200 priests
system of repeaters now in use, and in
Constantinople have been required
invented some years ago, it is pos-
sible for the human voice to be heard
pictures, their names and the names
distinctly over great distances by the
phone lines, and this is the secret of it.

The Man in a Tailor-fitted Suit

stands out from all the rest.
You can spot the tailor-made
man on the street among the
crowd. Ever notice the
graceful, snug lines of his
coat shoulders, lapels, front
and back. That's where he
comes in. Let us cut that

New Fall Suit

for you and you, too, will be
a marked man—marked for
style.

To The Electors, MacLeod Federal Riding,

LADIES AND GENTLEMEN:—

I Stand For :

1. Stability of Public Policy.
2. Effective representation for all classes.
3. Freedom from entangling alliances.
4. A prosperous, advancing Western Canada.
5. Majority Rule.
6. The Conservative Party at its best.
7. Protection for Canadian coal, with steady work for miners.

I have represented you before as faithfully as I could. I was always in my place in the House of Commons and was never led astray by groups or special interests. I did my best to look after the ordinary needs of my constituents, which I considered to be my first concern. My principles and experience will again be placed at your service if you elect me on October 29th.

VOTE FOR ME IF YOU
CONSCIENTIOUSLY CAN

Yours faithfully,

JOHN HERRON

THE DAYS OF OUR WEEK

Sunday comes from "Sunnandaeg," the Old English for Sun's day.

Monday from "Monandæg," the day in honor of the moon.

Tuesday gets its name from Tyr, the god of battle.

Wednesday was named in honor of Woden, the all-father and king of the gods.

Thor, the thunderer, claims Thursday.

Friday gets its name from Freia, the goddess of love.

Saturday comes from Saternes, or Saturn's day.

—ooo—

Page The Cat

The small boy's head bobbed up over the garden wall, and a meek little voice asked: "Please, Miss Brown, may I have my arrow?"

"Yes, dear, certainly," the next door neighbor answered, "Where didst find it?"

"I think," was the reply, "it's stuck a peety ye didn't have it in yer in your cat."

CAPITALISM BREEDS ITSELF

In New York a large fund set aside to fight capitalism doubled itself with capitalistic investments. This does not necessarily prove inconsistency on the part of the man who furnishes the money, but it does go to show that the very system sought to be abated is a living, growing, vital force.

When we can dissociate the term "capitalism" with fat magnates and perfumed queens and apply its economic principles to humble investments and modest savings, it will claim greater respect from the common man and will demand less abuse from the purveyors of revolutionary propaganda.

—ooo—

A Way to Save It.

"You're lookin' bad, Wullie."

"Aye, I've been in the hospital an' the doctors have taken awa' ma nae door neighbor answered, "Where didst find it?"

"These doctors'll tak' anything. I've a peety ye didn't have it in yer wife's name."

As illustrating the volume of grain delivered by the Port of Montreal compared with that of Vancouver, figures given by the Pacific coast port for the crop year ending July 31 last, show Montreal deliveries were six and three-quarters times those from the British Columbia port. Vancouver shipped 25,133,218 bushels of grain for the crop year ending July 31; while Montreal, during this period, disposed of 169,929,018 bushels.

E. W. Beatty, president and chairman of the Canadian Pacific Railway, accompanied by several of his directors is at present engaged in the annual tour of inspection of the company's system. In an address to the directors of the Canadian National Exhibition in Toronto Mr. Beatty declared that the "only safe and certain cure for the reduction of the Dominion's railway obligations rested upon the country's industrial and agricultural development."

Teeing off for a "Round-the-World" Trip

(1) Captain R. G. (Jack) Latta, commander of the Empress of Scotland just prior to teeing off from the deck of his ship as a member of the "Round the World Golf Club." (2) Captain R. G. (Jack) Latta, commander of the Empress of Scotland, sailing the fairway in the first stroke of the "Round the World Golf Club" tournament. (3) S.S. Empress of Scotland, flagship of the Canadian Pacific fleet, which will sail on a tour of the world from New York December 3rd next.

Here you see Commander R. G. (Jack) Latta, of the S.S. Empress of Scotland, flag-ship of the Canadian Pacific fleet, just before and in action as a member of the "Round-the-World Golf Club," teeing off from the deck of his ship and splitting the fairway far into the ocean with the first ball of the tournament. The idea of the club was first started by I. O. Upland, of the San Francisco Golf Club, who on a \$50 bet went ahead with the action of teeing off foreign golf links across the world, playing one hole on every course with the same ball. He had all kinds of sport from losing his ball on a Chinese

links and hiring twelve men to search for it, to finding the Copenhagen Golf Club, Denmark, occupied by the whole Danish army. Before returning to San Francisco he had played on 85 courses. Captain Latta is one of the latest members of the club and a number of fellow members will sail on the Empress of Scotland on December 3rd from New York on the fifth yearly cruise of the globe undertaken by C.P.R. Vessels. The coming trip will cover 27,420 miles, nineteen countries, every kind of climate, race and tongue, and will return to New York April 10, 1926 from a trip occupying 129 days.

Items of Local and General Interest

"Nissen is misin!"

The stork has this week visited the home of Mr. and Mrs. Mason, leaving a pianist.

Capt. Smith has this week taken charge of the Salvation Army work in this district, with headquarters at Coleman.

F. S. Evanson, grand master of the Ontario Grand Lodge, I.O.O.F., died suddenly in Vancouver the early part of the month.

P. Burns & Co. secured first prize for salted butter at the Canadian exhibition in the colonial section of the London dairy show.

DR. HACKNEY, eye, ear, nose and throat specialist, of Calgary, will be in Blairmore, at the Cosmopolitan hotel, on Wednesday next, October the 28th.

Miss Douglas says, a bachelor is a body of habits, bounded on the north by suspicion, on the south by egotism, on the east by indigestion, and on the west by a dozing mother.

Word comes from Toronto that Rev. Dr. A. H. Denoon, formerly of Knox church, Lethbridge, has resigned his Toronto charge and accepted a call to the United church at New Glasgow, N.S.

Livingstone Lodge No. 22, Knights of Pythias, are holding a whist drive and dance in the Lodge Hall on Friday night, October 30th. Usual prizes for whist; also a prize for a novelty dance. Come in thousands, there's room for all.

The young men who used to drive around the show rings at the country fairs in rubber tired rigs, accompanied by their best girls, have disappeared along with the whips gaily beaded with ribbons and prize tickets. They now drive fivers with windshields decorated with pictures of bathing girls.

On Saturday last the stork visited Mr. J. P. O'Neill, leaving him a beautiful tiger-colored tomas cat of the South Park variety. O'Neill that same day captured a prairie chicken with the aid of a shotgun, and now the chicken also is inside the skin of that cat. Blessings galore are being showered upon Poor Pussy!

The Estates and Heirs, Inc., of 25 California Street, San Francisco, are looking for Dorothy Anderson, formerly of London, Ontario, supposed to have married and now living somewhere in the province of Alberta, husband's name unknown. This lady is the niece of the late Alexander Anderson, of the State of Utah, and heiress to an unclaimed estate.

A large number of Oddfellows and Rebekah members from Coleman and Blairmore paid a visit to the Rebekah lodge at Bellevue on Wednesday night of last week, and report having had a most enjoyable time. During the evening the beautiful Rebekah Degree was conferred by the Ray of Hope Rebekah team.

A novel idea has been suggested by Park Evans, editor of the Gleichen Call. It is proposed to hold a dance at Gleichen on election evening to receive the returns. If Premier King returned, the orchestra will play a fox-trot. If Meighen is elected it will be announced by a fox-trot, and if the Progressives should have the majority there will be an interval of prayer.

The warden of Sing Sing issued statistics on "crime." The majority of criminals don't drink liquor. More are single than married. More than half had a job when they got into trouble through crime. Four out of five confessed their guilt to escape a trial. White prisoners outnumbered colored prisoners five to one, and three out of five admitted to the big prison this year went to jail for the first time.

There will be a dance in the Lodge Hall on Saturday night next. Everybody welcome.

Miss E. M. Fulton returned to town Monday after a week spent with her sister, Mrs. H. C. Morrison, at Cowley.

Rev. P. J. N. Cosman returned Saturday morning from about a two-month visit to his home and there points in Nova Scotia.

James Burrows met with an accident in the mine at Bellevue on Thursday last, which will lay him off for a short while. He sustained a number of flesh wounds.

A shipment of five tons of eel grass, made up into bales, has been forwarded to Liverpool from Newfoundland. An unlimited market has been found at good prices.

Three contingents of British farm boys are enroute across the Atlantic for the Alberta agricultural schools, twenty for Vermilion, twenty-one for Olds and twenty-four for Claresholm.

WANTED—Young men to become telegraph operators. Our course is thorough and up to date. Our students are successful. Our school is the largest school of telegraphy in the West. Code free. Rates reasonable. Write Alberta College North, Edmonton, Alberta. [O.15-2]

As we look backward, those times in our life which glow brightest are by no means times in which we have been most successful, but are the times in which we have been most necessary, most desired in other human lives. Is there anything greater than being needed in this world?

—David Grayson

Watch for the "Barce, Son of Kazan," to be shown at the local theatre during the first week in November. This serial story started in The Blairmore Enterprise on July 30th, and is being followed with interest by a large number of readers who will be delighted to see the same in picture. It is a love epic of the Far North by James Oliver Curwood.

Through Hon. Charles Stewart, minister of the interior, Edmonton has again been established as a full postal division. Additional staff and equipment are being assembled in readiness for the opening of the new offices about the first of November. Edmonton was closed as a postal division in 1920, the work being transferred to Calgary and Saskatoon.

The output of silver from Cobalt during July amounted to about 400,000 ounces, according to preliminary estimates. This had a value of less than \$200,000, or at the rate of about \$3,500,000 a year.

All attendance records for the Central Canada Exhibition were broken this year. There was a total attendance of 349,200, or 42,400 greater than the previous record of 307,000, made in 1922.

The first Italian ship to visit Vancouver in several years will be the steamer Piave II, of the Navigazione Libera Triestina, due here at the end of this month. This boat will inaugurate a new service between this port and points on the Mediterranean.

Production of paper by the Powell River Company, at Vancouver, will be increased 80 per cent by the completion of a \$5,000,000 development programme, now under way, according to an announcement made by M. J. Scanlan, a director of the company. At present the plant is turning out about 75,000 tons a year.

Signs of returning prosperity to Canada are evidenced by the fact that more Canadians are registered in the Canadian Pacific Rocky Mountain resorts during the past week than at any time since the beginning of the year. These resorts, which are usually filled almost entirely by Americans, contain a guest list last week which is 50 per cent Canadian.

Don't believe everything you hear from now till the 29th of October—even when you say it yourself.

The L.O.O.F. annual ball held on Friday night last was a decided success. A surprising amount of "good time" was had.

Trail News—Pat Foley has returned to his home near Mayercroft, Alberta, after spending two weeks with Mr. and Mrs. C. V. Hodgson.

A Woodhead was last week fined by a magistrate for having a loaded gun in his motor car. And still folks quote Old Bill's: "What's in a name?" stuff.

T. M. Burnett, of Cadomin, was a visitor with friends in the district last week and on Monday continued by motor as far west as Creston. He was accompanied by George Millitt.

The Imperial bank at Creston was held up by two bandits on Tuesday afternoon, who got away with about \$7500. One of the pair was later captured and \$2700 of the loot was recovered.

An exchange remarks that all that the candidates who are elected on the 29th will have to do during the next four years will be to satisfy the farmers, labor, unionists, manufacturers, moderate nationalists, prohibitionists and some few other classes and organizations. That's what the country publisher has been doing these many years past.

HILLCREST HAPPENINGS

Miss Annie Clark left on Saturday night's train to accept a position at Wayne.

Joe Fumigali paid a visit to Calgary, returning Monday. He reports Calgary as very quiet.

A meeting of the junior C.G.L.T. took place in the church on Monday night, to select officers for the coming season.

The regular convention of Turtle Mountain Lodge, Knights of Pythias, No. 15, was held in the Castle Hall on Tuesday night.

Visiting brothers and sisters are cordially invited to the whist drive to be held Friday night in the Castle Hall. A radio is being installed for that night.

A rummy (card) party took place on Monday night, given by Miss Nellie Royle for a few of her friends. Besides the family, there were present: Miss Gladys Howcroft, Miss Ivy Clark and Mr. Charlie Makin. A very pleasant evening was spent.

A meeting was held in Bob Draper's place on Monday night to wind up the season of the football club. Although disappointed at not having the return games played at Hillcrest, everything is in good shape to commence the season of 1926 with.

On Monday, after school hours, a meeting was held of the high school boys and girls, presided over by Ed. Royle, at which it was decided to form First Aid classes, commencing October 26th, with Mr. Royle as instructor. Twenty-nine enrolled.

The United church rally day was held on Sunday afternoon last in the opera house, the place being crowded. The following characters were represented: Jessie Collinson, Peace; Elsie Bamforth, Africa; Elton Jones, Japan; Elizabeth Fisher, China; Vincenzina Casagrande, Immigrant; Olive Howcroft, C.G.L.T. Girl; Anna Yures, C.G.L.T. Girl; Flo Makin, Yures and Nellie Royle, Canada; Fern Maddison, India; Gladys Young, Philippines. The programme included: address by Miss Irene Turner, song by Miss Jeanie Stobbs, recitation by David Wheeler, Mary Warner and Bessie Davies; choruses by the Sunshine Girls, and selections by the Sunday School orchestra.

ORDERS EXECUTED DAILY

COAL CONTRACTS AWARDED

Contracts covering nearly 20,000 tons of coal required for the heating of various public buildings this winter have been approved by the Manitoba provincial government. Further large fuel contracts are still under consideration.

Among the awards already decided upon are: 6000 tons of Youghiogheny screenings for the Central Power house, which goes to the Empire Coal Co., which firm also receives the contract for 2000 tons of the same coal for the hospital for mental diseases at Selkirk. Contracts for 7000 tons of Souris slack for the latter institution were divided between the Empire Coal Company and the Manitoba and Saskatchewan Coal Company, each of which will supply 3500 tons.

Other successful bidders were the Best Coal Company for 500 tons of Youghiogheny mine run and 500 tons of Pocahontas mine run for the Manitoba school for the deaf; Consumers Ice Company for 800 tons of Michel mine run for the Industrial Training school, Portage la Prairie; Gibb & McCaig for 500 tons of Souris screened lump for the provincial jail, Port-

Pledge to the Public on Used Car Sales

- 1 All used cars offered to the public shall be honestly represented.
If a car is suitable only for a mechanic who can rebuild it, or for some one who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

- 2 All Studebaker automobiles which are sold as **CERTIFIED CARS** have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.
This is possible because tremendous reserve mileage has been built into every Studebaker, which is impossible to exhaust in years.

- 3 Every used car is conspicuously marked with its price in plain figures, and that price, just as the price of our new cars, is rigidly maintained.
The public can deal in confidence and safety only with the dealer whose policy is "one price only—the same price to all." For, to sell cars on this basis, every one of them must be honestly priced to begin with.

- 4 Every purchaser of a used car may drive it for five days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.
It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

Not only to the public, but also to The Studebaker Corporation of Canada, Ltd., whose cars we sell, we pledge adherence to the above policy in selling used cars.

THE CROWS' NEST PASS MOTORS

The Studebaker Corporation of Canada, Ltd., takes pride and pleasure in announcing that the above Pledge is being carried out by

THE CROWS' NEST PASS MOTORS

Studebaker Car Dealers

Phone 105

Blairmore, Alta.

THE Pledge speaks for itself. It is a formal declaration of the fair and square attitude of Studebaker dealers toward the public. It is an assurance of honest dealing in a line of merchandising

which in some times and places has fallen into ill repute. It is an assertion of confidence in the reserve mileage built into the sturdy "one-profit" Studebaker automobiles.

THE STUDEBAKER CORPORATION OF CANADA, LTD.

WALKERVILLE, ONTARIO

VILLAGE OF FRANK

WINS APPEAL

At a sitting of the Provincial Board of Public Utilities, held at Macleod on Monday, the appeal of the Village of Frank against an increase in water rates made by the Trusts and Guarantee Company, Limited, was considered.

A few years ago the coal company, who owned the townsite, went into liquidation, and the Trusts and Guarantee Company handled the business. At that time the company had a set rate for supplying water to the villagers, but the company increased these rates, hence the appeal. The rates were changed from the original to \$2.00 per month, the commission reduced these to a minimum of \$1.00 in certain cases, with others to remain as they were, and this to continue until September 1st, 1926, when the company may ask for an adjustment if they find that after one year the rate is too low, and this rate to begin on November 1, 1925.

CHRISTMAS EXCURSIONS

ANNOUNCED BY C.P.R.

The Canadian Pacific has announced that it will have in effect during the month of December, excursion fares to the old country and Eastern Canada points as well as to Central United States points, such as St. Paul, Minneapolis, Chicago, Omaha, Kansas City, St. Louis, etc.; also on certain dates in December, January and February, there will be excursion fares to the Pacific coast.

Special through tourist cars will be operated from Calgary on December 1st in connection with the sailing of the "Montrose," 6th "Melita," 7th "Metagama," 12th "Montclare." Special cars will also be operated from Edmonton for these same sailings, one day ahead. In addition, there will be special trains from Winnipeg on December 10th and 13th, in connection with the sailing of the "Metagama" to Glasgow and the "Montclare" to Liverpool, in order to bring those who are going to the old country home for Christmas.

How's Business?

"Business is as good as we make it" is the answer of business leaders. And it is worth while to note that most big businesses owe much of their success and prestige to the steady use of Advertising.

ADVERTISING in "The Enterprise" would help you promote your business. It would attract new customers, retain the goodwill of old ones and increase public confidence in your store and service.

ADVERTISING is simply salesmanship in the mass. It is an efficient, low-priced salesman. Investigate its merits.

PROGRESSIVE MERCHANTS ADVERTISE

Issued by Canadian Weekly Newspapers Association

THE HOUSE-TO-HOUSE

CANVASSE

Very few communities are free from the house-to-house canvasser, for all manner of commodities. While this may not be looked on as a very serious matter by many, it undoubtedly adversely affects legitimate business and should at the very least provide for a fairly good license fee. Merchants must carry extensive stocks, pay rent, and other charges, contribute to all charitable and patriotic undertakings and in general do their share in the promotion of the best interests of the communities in which they live.

The peddler, or canvasser, however, bears no proportion of this duty and thus establishes very unfair competition.

All in Chicago paper: "Widow with five would like to meet widower with four children. Object, baseball."

A Bit of Abe's Den

In Lincoln's lawyer days a New York firm wrote concerning the financial standing of one of his neighbors. Mr. Lincoln replied: "Yours of the 10th received. I am well acquainted with Mr. X and know his circumstances. First of all he has a wife and baby; together they ought to be worth \$50,000. Secondly, he has an office in which there are a table, worth \$150; and three chairs worth, say, \$100. Last of all, there is in one corner a large rat-hole which will bear looking into. Respectfully—A. Lincoln."

Newly Married Man—"My wife is an angel!"
Old Married Man—"Oh, how long has she been dead?"

Capt. A. H. Cies, of the Canadian Pacific liner Melita, was shot and killed aboard his ship at Antwerp by a member of the crew.

THE PASS TEN YEARS AGO
(Blainmore Enterprise, 1915)

January 1.—Capt. W. A. Beebe attended the Firemen's annual ball at Pincher Creek last night.

Charlie Roy, who will be a member of the Canadian second contingent, came from Calgary to spend Christmas with local friends.

Through the extreme generosity of the Canadian Pacific Railway, 1500 children of Vancouver were treated to a dinner and gifts on Christmas day.

In a letter dated December 2nd, Walter Howe, who is now a corporal with the first Canadian contingent at Salisbury Plains, states that most of the boys are suffering from colds brought about by being wet; but as they enlisted as "tough guys" each wears a smile that won't come off. Walter was still in hospital, but expected to be out soon.

Prizes in the Alberta hotel whist competition were awarded as follows: Ladies' first, Mrs. A. Bourgoin, a silver set; gent's first, L. E. Miller, a box of cigars; ladies' booby, Mrs. D. C. Drain, chewing gum; gent's booby, Mark Harrison, popcorn.

Mrs. Frances McNeill spent Christmas with her parents at Lundbreck.

The new council, under Mayor Krebs, will hold its first meeting on Monday next.

We have just received a copy of the Northern News, published at Athabasca, which contains a lengthy Christmas article from the pen of Rev. W. H. Irvin, formerly of Bellevue, now in charge of an extensive and important mission at Athabasca.

After thirteen years of experimental work in Southern Alberta, the Knight Sugar Company has definitely decided to move their plant from Raymond to a point in the United States.

In this issue of The Enterprise will be found a three-column article from the pen of Mr. L. H. Putnam, dealing with the topic of "Prohibition."

Miss Allan, sister of Mrs. F. T. Cook, is spending her holidays at Bellevue.

J. C. Drewry passed away on Monday at his home near Cowley, after a long illness.

Not only Scotchmen are economists. We overheard the other day of a dairyman feeding his milk cows, sawdust instead of grain, with the result that his customers complained of turpentine appearing in their tea cups instead of milk. And that dairymen turned around and killed his customers for turpentine at a rate of sixty cents a pint.

The marriage of Miss Effie M. Beard, of Blainmore, to Mr. Thomas R. Hyland, of Trail, took place at Trail, B.C., on December 17th.

Mr. Valentino Rinaldi (new count) has written The Enterprise to say that in his humble opinion the controversy over the question of employing a police chief should cease. He states that the Italian element of the Crova's Nest Pass do not recognize a so-called "head man" as was stated in an article recently published in the Calgary Alberta, and that they consider themselves Canadians in the truest sense of the term, believing in living up to the principles of Canadian citizenship and abiding by Canadian laws.

January 8.—At the regular meeting of the Board of School Trustees last night, Mr. C. E. Hicocks was re-elected as secretary-treasurer for the year 1915 at a salary of \$20 per month. There were present, Chairman H. E. Lyon, and members A. A. Sparks, J. W. Gresham, L. H. Putnam and W. J. Bartlett.

The ship was lying in the harbor, and a visitor went on board. The first person he saw was the cook, an Irishman, and going up to him, he said: "Excuse me, are you the mate?" "No," answered the cook, "but O'm the man ashore the mate!"

J. W. Gresham expects to join the third Canadian contingent as quartermaster and will leave for Calgary next week.

The British pre-dreadnaught For-midable was sunk in the English Channel on Saturday, either by a mine or a submarine. Over six hundred lives were lost. The formidable cost in the neighborhood of \$5,000,000.

In the gossamer competition at Troc's jewelry store, Mr. W. C. S. Haddock was successful in carrying off the first prize, a \$28 kadek.

A bullet from a 30-30 rifle was put through one of the windows of the public school one day last week, making a round hole of about one and a half inches in the glass. The missile came from a long distance, probably Warsaw, and had spent its force, dropping on the floor in the centre of the room.

The funeral of the late J. C. Drewry took place from Glen Ranch to Cowley station on Friday last and was very largely attended. The remains were shipped to Bowmanville, Ontario, his former home, where interment will take place. Service was held in the Cowley Presbyterian church, at which the Rev. James Lane, of Passburg, officiated.

The regular fortnightly meeting of the town council took place on Monday night, with Mayor Krebs and Councillors Beebe, Ross, Dutil, Bartlett, Legace and Sinclair present. W. A. Henderson & Co. were appointed auditors for the year 1915; at a fee of \$150. H. E. Lyon was appointed member of the board of health, succeeding W. J. Bartlett, retired. Dr. J. W. Mackay was appointed medical health officer. C. E. Hicocks was re-appointed secretary-treasurer at a salary of \$100 per month. W. A. Beebe was chosen deputy mayor for the next ensuing three months.

The officers of Bellevue Lodge No. 118, I.O.O.F., were installed this week, with Richard Randall as noble grand, Allan Hamilton as vice-grand and Charlie Ray as recording secretary. The officers of Blainmore Lodge No. 68 were also installed, with H. G. Bigelow as noble grand and J. B. Harmer as recording secretary.

FUMES OF BREAD BECOME ALCOHOL BY NEW PROCESS

BERLIN, Oct. 17.—Cheer up, Little Bakery, don't you cry, you'll be a bootlegger by and by.

At least, such might be the case if a new invention of the Italian engineer, Andrusians, came into general use, for this new product of the brain of man is capable of extracting a quart of alcohol from the vapors given off in baking 100 kilograms (about 220 pounds) of bread.

Andrusians predicts a great future for his little machine, since it can save much grain and heat now used in distilling.

WHY GERMANY GETS BUSINESS

Today, the ways of economy carries much business to the cheaper producer, and a table of the wages paid to the men in the shipbuilding yards shows why Germany is getting the preference in orders.

The average pay for the different kinds of labor is:

Canada	\$22.92 to \$32.69
Great Britain	16.66
Holland	14.95
Germany	7.90
United States	\$4.31

And it must also be remembered that the week in Germany has 64 hours, while in Great Britain it has only 47.—Ex.

In Loving Memory

In affectionate remembrance of a devoted husband and father, JAMES CALLAN, who departed this life on October 24th, 1922.

"Three years have gone and friends around us
Think the wound is almost healed,
But they little know the sorrow
Deep within our hearts concealed."
Inserted by Wife and Sons, Vancouver, B.C.

Here and There

In the last fiscal year 3,843 home-made entries were granted in the Prairie Provinces, aggregating an approximate area of 814,880 acres, while, in addition, 710 soldier grants of 113,600 acres, make up a grand total of 728,480 acres so settled.

In 1915 Canada exported no wheat to China. In 1918 she sent only eight bushels to Japan. In 1924 China imported over 5,000,000 bushels of Canadian wheat and over 1,500,000 barrels of flour, while Japan took 7,000,000 bushels of wheat and 110,000 barrels of flour. It is predicted these figures will be well beaten for the current year.

The Grand Challenge Cup, emblematic of the First All-Canadian championship of the entire system of the Canadian Pacific Railway, will be competed for at the Peace Vicer Hotel, Montreal, November 18. The champions in a knock-out competition among Eastern and Western teams respectively, will fight it out for the trophy.

Plans are already being laid to make the 1925 Eastern International Dogged Derby an even greater spectacle than in any previous year, and it is reported that the prize money will be considerably increased next winter, with the object of attracting more teams and mushers from the West and the United States.

Fire Prevention Week, October 4-10, was observed throughout the Dominion, and to mark the sense of the importance of the occasion Mr. Grant Hall, vice-president of the Canadian Pacific Railway, broadcast an appeal by wire to every officer and employee of the system "to co-operate as in the past and set a good example by thoroughly cleaning up all premises."

Canada's great outlook, says a recent issue of the London Outlook, is that she wants more people, but of the right type, namely, steady agricultural workers with enterprise, initiative and endurance. Enthusiastic letters from emigrants under the joint scheme of settling 3,000 families in Canada are bound to have their healthy effect on relatives and friends dissatisfied with their lot in England.

E. F. L. Sturges, general Passenger Agent for the Orient of the C.P.R., with headquarters at Hong Kong, has been appointed Assistant General Passenger Agent of the system at Montreal. His duties commenced here in October. He was relieved of his other work owing to ill-health, but the climate of Canada soon restored him to physical well-being. He has a long record of service with the C.P.R., dating back to his first appointment at Saint John in 1894.

Sixty bushels of wheat at every tick of the clock is the rate at which the Canadian Pacific Railway have carried the grain into the elevators this season. To keep up this unprecedented rush, it has been necessary to move one car-load of grain out of Winnipeg at every one minute and twenty-three seconds of the twenty-four hour day. Grain delivered at the head of the lakes by the Canadian Pacific in September alone would fill a fleet of 200 ships, each with a cargo of 200,000 bushels.

Back from an extent of tour of inspection over the company's western lines, E. W. Beatty, chairman and president of the Canadian Pacific Railway, found a very marked improvement in the West as compared with that which had existed when he last went across the country. He thought the spirit of the people was much more optimistic and with very good reason since he considered it safe to say that 300,000,000 bushels was not too high an estimate for the total Canadian wheat yield this year. He noticed throughout the country a sustained interest in immigration and a more general realization that therein lay the soundest remedy for most of Canada's difficulties.

An exchange remarks that sausage makers are looking for a more dignified name for "hot dog." Something snappy is desired, featuring the piquancy of mustard without suggesting canine origin.

Liberal meetings were held, on Monday night at Lundbreck Tuesday night at Cowley, addressed by Mr. J. E. Gillis, of Blainmore; Mr. McKinnon, of Pincher Creek, and others. Last week Mr. Gillis addressed meetings along the Macleod to High River line.

MARVELLOUS VALUE

Reports from all provinces indicate

that the Family Herald and Weekly

Star, of Montreal, at one dollar a

year, is sweeping the country.

The reduction in the price of the

Family Herald from \$2.00 to \$1.00 a

year makes that great weekly journal

more than ever the marvel of the

newspaper world. The publishers

have announced that notwithstanding

the change in price, every feature will

not only be maintained, but improve-

ments will follow.

When one considers the huge vol-

ume, wide variety and high quality

of the reading matter in each issue

of the Family Herald, one wonders

how it can be produced at the price.

It is a complete family journal, a

family magazine and weekly newspaper

—all three in one at a cost of less

than two cents a week.

For this winter's reading there is

no better combination than your local

paper and the Family Herald and

Weekly Star. Subscriptions may be

left at The Enterprise office.

Stop Falling Hair!
Money Back if it Doesn't
The big problem with scalp specialists is to get the public to form a consistent habit of taking care of their hair.
Van Ess Liquid Scalp Massage comes in a patented bottle with a special rubber application attached. The method of application is easy—and clearly.
The applicator feeds the treatment through rubber nipples direct to the roots of the hair. One minute's dry with Van Ess is sufficient. Stops falling hairs, cures dandruff, grows new hair. We give you a positive 90-day guarantee.

BLAINMORE ALBERTA

NOMINATION OF CANDIDATES FOR FEDERAL CONTEST

Ottawa.—Official nomination of candidates took place in 27 out of 241 federal constituencies between twelve and two o'clock, on Oct. 16th, and the Dominion general election now assumes a more definite form. In three constituencies of Quebec, seven of Ontario, four of Manitoba, five of British Columbia, four of Saskatchewan, three of Alberta, and the Yukon, candidates declared themselves a total amount of \$200 with the respective in the contest, depositing the legal returning officers. While the official nomination of a candidate does not necessarily mean that he is in the contest until the close of the polls, withdrawal involves the forfeiture of the deposit.

The constituencies in which nominations took place today cover large areas, are somewhat sparsely settled and, in many cases, are provided with but slow and primitive means of communication between the centres and the outlying districts. In the past this has resulted in deferred elections. Now, with an extra week in which to do the work and distributing the ballots, all Canada will see the polls on the same day, October 29th.

French Casualties In Syria

Over Six Thousand Killed Or Wounded Since Campaign Started

Paris.—French losses in Syria since France took over the mandate of the League of Nations have amounted to 6,945 men killed or wounded up to July 31st.

Premier Painlevé made this announcement to the finance committee of the chamber. He said he did not have the casualties of the August and September battles campaign before him.

The mandate for Syria was assigned to France by the supreme council of the allied powers, April 25, 1920, and was confirmed by the League of Nations, July 22, 1922.

Giant British Dirigible

Plan to Launch and Pick Up Passengers in Mid-Air

London.—When the R-33, Britain's great airship, makes its next trip, expected shortly, it will begin a series of experiments in launching and picking up aeroplanes in mid-air. The plan is to land with the airship in the open, and then the aeroplanes will be launched from the trapeze and it is to attach itself to the trapeze on its return.

Will Observe Anzac Day

April 25 Will Be Complete Holiday In Australia

Melbourne.—The Legislative Assembly of Victoria has passed a bill providing for the observance of Anzac Day, April 25, as a complete holiday in that state. Anzac Day is the date on which the combined Australian and New Zealand army corps landed at the Gallipoli and gave such splendid service to the allied cause in the war. The initials of the force of the two sister dominions were formed into the word Anzac.

Register At The Hague

Victoria.—After departing in the Peace Palace at The Hague, Holland, the register signed last May by 25,000 pupils of British Columbia schools, pledging themselves to observe the spirit of fair play and good-will among all peoples, Harry Charlesworth, secretary of the British Columbia Teachers' Federation, has returned to his home here.

Extension For Edmonton Post Office

Edmonton.—Extensions to the Edmonton post office which will involve the building of a new wing may be undertaken next year by the Dominion Government. The purchase of nearby property, involving an outlay of some \$50,000 has already been authorized by order-in-council and part of this amount has been paid over.

With Full Military Honors

Winnipeg.—Winnipeg citizens of all walks of life paid their last respects to Brig-Gen. H. N. Baxter, who was buried here with full military honors.

Japan may send six girl tennis players to the United States in 1926 for tourney play.

Maritimes Ask For Freight Rate Cut

Brief Prepared For Board of Railway Commission Published

Halifax.—The brief prepared by F. G. Cornell, freight rates expert employed by the three Maritime Provinces to present their case to the board of railway commissioners for Canada, has been distributed here for publication.

It asked for "special attention from a transportation point of view" in consideration of the geographical position of the Maritime and nature of their products in comparison with those of other provinces and in view of the fact that "the prosperity of the Maritime provinces depends to a serious extent upon their ability to merchandise the products of their natural resources and their manufactured products in the central and western provinces."

The brief declares recent changes in freight rates have wiped out concessions which were made just before the war, and that the Maritime provinces are in a position to receive a substantial reduction in freight rates originating in the Maritime for Western and Central Canada and on freight passing through North Atlantic ports in the Maritime.

Trade With Russia

No Early Prospects of Trade Relations Between Britain and Soviet

Ottawa.—There are no early prospects of trade relations between Soviet Russia and Britain being restored with the British government in power, declared Right Hon. Arthur Henderson, former home secretary in the MacDonald Labor Government, in an interview here.

When it was suggested that such a happening might have distasteful effects on Canada in the matter of wheat marketing, Mr. Henderson said that there were other considerations besides wheat, and if Russia was to regain her large production of wheat, she would need agricultural implements many of which Canada was able to supply.

Asked about conditions in Britain, the former home secretary said it was the industries which depended on export trade that were the hardest hit by present conditions. He said the feeling was strong in Britain in favor of Germany being admitted to the League of Nations, as it was felt that would help to ease the diplomatic situation and give better assurance of peace.

He said the feeling was strong in Britain in favor of Germany being admitted to the League of Nations, as it was felt that would help to ease the diplomatic situation and give better assurance of peace.

Britain Wants Western Butter

London Importers Ask Representative to Saskatchewan to Solicit Shipments

Regina.—Representatives of the largest importers of farm and dairy products in the United Kingdom, A. J. Mills and Company, London, C. V. Gillespie has arrived in Regina, the first representative of a London firm to come to Saskatchewan in quest of butter for the English market. He is soliciting direct shipments from the Saskatchewan Co-operative Creameries and other firms instead of through speculative channels.

Mr. Gillespie said the improvement in Saskatchewan butter in recent years, and even in the last year, was "amazing." British importers, Western Canadian butter had been elevated to a position second only to that of New Zealand, a country which, for many years, had held first place in quality.

He believed the Canadian west could, and would, capture a very large share of the total imports to Great Britain, and expressed his belief that the dairy trade in the west would grow to vast proportions.

Would Abolish Level Crossings

Attorney-General of Ontario Says This Is Only Real Safeguard

Toronto.—Having in mind the terrible tragedy at Scarborough Junction, near here, when six persons lost their lives when an automobile ran into a train, the attorney-general of Ontario, stated that the abolition of level crossings is the only real safeguard to human life.

He refused to entertain any thought of half-measures, such as compelling motorists to come to a stop at every level crossing, as suggested by an official of the Canadian National Railways.

BRITAIN TAKES STEPS TO CURB RED ACTIVITIES

London.—Police raided the headquarters of the Communist party in London and also one of the Communist branch offices and arrested six Communist officials. Numerous papers and publications were seized.

The Communist political bureau issued a statement, describing the incident as "the first step in the new attack on the working class in this country."

This, says the bureau, was foreseen, and it recalls the party's advice to form a workers' defense corps.

"The Communist party," it declares, "will not, and cannot be, smashed. Once the ranks are strengthened, the party will continue to fight for class unity against the coming capitalist offensive."

Communist activities in England during the past few months have gone far beyond the propaganda and industrial agitation stage. Attempts have been made to foment a revolt against the government and a large membership has been built up, particularly among the foreign population.

As a result of this threat against organized authority, police action commenced which was deemed necessary.

Talented French Artists Arrive in Canada

New company of talented French artists which Mr. J. A. Gavlin has brought to Montreal from Paris for a season of French comedy, photographed upon their arrival in Montreal.

The company crossed from Europe on the Canadian Pacific steamship Melita and remained in Quebec for a week or so before coming to Montreal to open the season. They are (left to right, front row) Mme. Marcelle Gontier, M. Georges Collin, M. Jean Garat, M. Jean Martin and M. Paul Mauge, a local theatrical man; (back row) M. M. Hermand, M. Rene Blanchard, M. G. Vitry, M. Rene Montis, Mme. Marie Margens, Mme. Mala Fournier and M. Adeline Fournier. Two members of the company, Mme. Marguerite Coprin-Lambert and Mme. Jeanne d'Orville, were absent when the photograph was taken.

Western Grain Port

Predicts Large Grain Movement Out Of Vancouver This Season

Vancouver, B.C.—The port of Vancouver will handle at least 55,000,000 or 70,000,000 bushels of export grain during the shipping season of 1925-26, according to a prediction made by Leslie M. Boyd, K.C., chairman of grain board of Canada.

Mr. Boyd said he was not in a position to give any statement officially, but from his general knowledge of conditions he thought Vancouver would see a very large movement.

France Can Use Wheat Flour

Paris.—France is to return to the use of wheat flour as a result of the good harvest this year, and the law which made it obligatory, because of the poor harvest last year, to add four per cent of rye to all the wheat flour used in France, it is to be abrogated.

Will Study In Alberta

Montreal.—A party of 20 youths, conducted by Miss Ethel Nicholson, who reached here by the White Star liner Regina, proceeded to Alberta, where they will study Canadian agriculture.

FRENCH VIEWS ON FUNDING OF WAR DEBT TO U.S.

Paris.—The French government intends to send a counter-proposal to the United States relative to the funding of the debt to America, it was officially admitted at the ministry of finance.

The proposal brought back from Washington by the debt commission for a five-year "breathing spell" during which France would pay \$10,000,000 a year, still is being studied with no final decision in sight, the United Press was told.

However, the reported intention to make a counter-proposal is taken to mean that the result of the Washington negotiations has already been rejected.

Secure Settlers For Canada

New Methods To Be Adopted By Office In Britain

London, Eng.—How interviews will replace the typewriter, and the personal touch will be substituted for correspondence in order to secure settlers for Canada, was explained by W. Bruce Walker, Canadian director of European emigration, in an interview with a representative of the Morning Post. Mr. Walker stated that though the Dominion wants agriculturists, those who go on the land now will have the way for the unemployed in Canada, and those who are in the land now will have the way for the unemployed in Canada.

The Post, in an editorial extolling Mr. Walker's plan, regrets that some politicians and certain newspapers have endeavored to believe that England's day is done and that the greater part of her population is existing on doles.

Annual Sheep and Swine Show

Will Be Held November Third, Fourth and Fifth

Regina.—The annual sheep and swine show will be held here November 3, 4 and 5. It was decided at a meeting of the board of directors of the Exhibition Association held in the stadium. The desired poultry show will be held November 3. Prices valued at \$450 will be given at the poultry show. Professor M. C. Hermer, Manitoba Agricultural College, will be the judge.

A. J. McKay, MacDonald, Man., Professor H. Wood, Manitoba Agricultural College, will judge sheep. L. Hancock, Winnipeg, and A. P. Potter, Lankford, Sask., will judge swine.

University Held On Culture

Victoria.—Culture which has no bearing upon life, is exotic, artificial and as meaningless as the buttons on the back of a man's dress coat, or the nose ring of an African savage," said Dean H. T. J. Coleman, of the University of British Columbia, who addressed the opening session of the British Columbia School Trustees' Association annual convention here.

Fire Hurt Fur Production

Olympia.—As a result of forest fires which swept areas from Northern British Columbia to Southern Oregon last summer, this section will produce less fur this year than many years.

The dense smoke and fire swept at a time when most of the fur-bearing animals were rearing their young.

Security Pact To Prevent Future Wars In Europe

League of Nations Will Be Called On To Enforce Pact

London.—The League of Nations will be called on to enforce a security pact which would prevent future wars in Europe, it was announced today by the British government.

The pact, which was agreed upon last year, still remains to be framed out satisfactorily for Germany and France, the question of guarantee for the integrity of Poland and Czechoslovakia.

There is optimism that a formula for the pact in the matter of mutual guarantee under the League of Nations covenant will be found.

The Polish problem, particularly the question of the Polish corridor to the sea, still troubles the conference, was the last day given by Night High Master Chamberlain, British foreign secretary, who said that he and Sir Cecil Hurst, the English jurist, had placed their services at the disposal of the delegates in an endeavor to reach an agreement concerning Germany's eastern frontiers.

Mr. Chamberlain was optimistic over the possibilities of bringing Germany and Poland together.

Locarno.—If France can secure suitable guarantees for her eastern allies it seems probable that the long sought for security pact which would apparently make future wars in Europe impossible will shortly become effective.

In principle the greater opinion of the pact has been agreed upon, but there still remains to be framed out satisfactorily for Germany and France the question of guarantee for the integrity of Poland and Czechoslovakia.

Urges Demand For Imperial-Made Goods

Lady Cowan Asks Canadian Women to Put Empire First

Ottawa.—That the women of Canada should foster the idea now so prevalent among the women of England, of demanding "imperial-made goods" was the desire expressed by Lady Cowan, a well-known member of the British House of Commons, who is among the delegates to the Inter-parliamentary Union, who addressed a largely attended meeting of the Ottawa University Women's Club.

Lady Cowan, who has been the president of the British Women's Patriotic League for the last five years, told of the work the women were doing in England.

The League has for its motto, "Our Country First."

"I am an internationalist," the speaker stated, "but

Here and There

The total landings at the new inter-lake government elevator in Edmonton, Alta., since its opening last fall, amount to 2,350,000 bushels. Of this quantity of grain handled, more than 2,000,000 bushels was wheat.

With the completion of the 1926 assessment for Toronto, the Chief Assessor announced that the city's population is now 549,429, or 7,012 greater than last year. The total assessment for 1926 is \$901,678,797, which is \$10,259,448 higher than for 1925.

A new high-water mark for the 1926 season of navigation, in respect to number of passengers landed at Quebec over a week-end, was established during the week-end of September 8th when six boats docked with nearly 5,000 passengers. The three Canadian Pacific steamers, the Montclair, Marloch and Moffat, brought 2,524 of the total passengers landed.

Between four and five hundred travelling passenger agents, representing railway throughout the United States and Mexico, united with representatives of the Canadian railways and steamship companies in Montreal during the week ending September 19th, for the fifty-fifth annual convention of the American Association of Travelling Passenger Agents.

In succession to Captain James Gillies, who was recently appointed general manager Canadian Pacific steamships in London, Captain R. G. Latta has been appointed to the command of the Empress of Scotland, flagship of the Canadian Pacific fleet. Captain Latta has previously on the bridge of the "Montclair" and other vessels of the same line.

Arrangements are being made for the holding of the western annual meeting in Winnipeg from November 3rd to 6th of the Canadian Institute of Mining and Metallurgy. The meetings will be held in the Royal Alexandra Hotel. Delegates from all points in the West, as well as from Eastern Canada, are expected to attend.

A memorial known as "The Altar of Peace" has recently been unveiled in Stanley Park, Vancouver, to symbolize the spirit of international good-will existing between the United States and Canada. The memorial was raised by joint subscription of United States and Canadian Kiwanis Clubs, and stands on the spot where the late President Harding delivered the last speech of his life while visiting Canada, in July, 1923.

One of the largest shipments of live foxes for export ever to leave Prince Edward Island, left recently for New York for transshipment to Norway. The shipment comprised 200 foxes in all, with a gross value of \$40,000. Several small shipments of animals were consigned to Norway last year and this large order has followed the success which the Norwegian breeders have had with those animals previously sent from this country.

Production of gold in Ontario for the first six months of this year amounted to \$14,006,219, as compared with \$11,810,000 in the corresponding period of last year, according to a report issued by the Provincial Department of Mines. Silver production increased from \$3,262,100 to \$3,792,662. Total mineral production was \$18,600,385, as compared with \$37,997,776.

John Edwin Hoag and Frank S. Wilton, who travelled across the entire continent in a small motorboat arrived recently in Montreal and moored their craft in Canadian Pacific Pier No. 8 having come from Astoria, Oregon via Columbia River, Cello Falls, Port Benton, the Missouri and Mississippi Rivers, the Chicago Drainage Canal and Lake Michigan since May, 20th. From Montreal they continued their journey to New York and returned to the States via Canadian Pacific Railway to Vancouver and Seattle in order to see the country.

The groundwork for what promises to be a big industry is now being developed by the Singer Sewing Machine Company at Thurso, a point on the Canadian Pacific Railway, on the north shore of Ottawa. It is planned by the Singer Company to manufacture at Thurso all the woodwork required for their numerous plants in different parts of the world. Work on the new plant is being pushed with all possible speed and it is anticipated that shipments from Thurso will commence sometime early next year.

Sport conditions are very good in New Brunswick this year. Harold Chadwick operating hunting camps in the province reports that at the end of September catches of speckled trout reaching 19½ lbs. were taken one day, while a hunter took out a big game licence September 23rd and three days later had his deer and bear.

The world's most northerly police post, also the most remote of any human habitation, is to be constructed next year for the Royal Canadian Mounted Police at the far end of Ellesmere Island. "Building materials and two years' supplies will be cached within easy freight distance of the point where men will be detailed for patrol duty on the lonely shores of Riel straits.

Appointments recently made through the office of the Comptroller Canadian Pacific Railway headquarters are W. J. Cherry who becomes Freight Claims Auditor in place of J. R. Steele retired under pension rules, and W. L. Moran appointed Assistant Freight Claims Auditor. Both these gentlemen have been connected with the Freight Claims department for many years past.

Because the prospects for hunting and fishing in northern regions of Quebec are more attractive this autumn than they have been for several seasons, the number of residents of the United States applying to the Quebec association for the protection of fish and game for guides and licences is much greater than it has been for some time, according to the secretary of the association.

A very pleasing incident occurred during the visit to Montreal of Madame Maria Jerzitsa, world-famous operatic star. Col. George H. Ham, "Grand Young Man" of the Canadian Pacific Railway, who had met the singer before, sent his felicitations in the form of a bouquet, and Madame Jerzitsa replied with a bouquet of roses made of sugar with the hope that his days also would be sugar-sweetened. She gave a one-night recital in Montreal, leaving for Toronto the following day.

Isaac Gouverneur Ogden, vice-president in charge of finance, Canadian Pacific Railway, attained his 51st birthday October 10. Mr. Ogden is as active as ever although he spent 64 years in railway work. He joined the C.P.R. as auditor of the western division with headquarters at Winnipeg in 1881 and has been vice-president of the system since 1901. Mr. Ogden was the recipient of flowers and congratulations from his colleagues on the occasion of his birthday.

Carelessness and lack of forethought on the part of some un-known motorist at Belleville might have led to serious accidents if it had not been soon discovered that the wig-wag signal protecting the C.P.R. level crossing on the Kingston Road was out of order. Investigation showed that an automobile had driven out of its course, and broken the relay case thereby cutting the electrical contact. A watchman immediately placed at the signal until necessary repairs had been made.

The Montreal Windsor street station police team are the champions of the Quebec district in the First Aid contests held at the Place Vigier hotel in that city under the auspices of the Canadian Pacific Railway. They won the contest against teams from Ottawa and Quebec and are now holders of the Cattell Challenge Cup, emblematic of the C.P.R. First Aid championship of the province. The championship of the New Brunswick district was won by the Mountain View and completed against Saint John and Woodstock.

While the Canadian Railway Commission is besieged with all kinds of applications for reductions in Canadian freight rates, the Western group of railways in the United States is asking for a five per cent increase and the northwestern section of the group is asking more than that "for a number of miles." Some of these roads are in the hands of the receivers. Yet these American railways already have higher rates than the Canadian roads, the freight revenues in the U.S.A. being 1,200 cents per ton mile on western lines as compared with 1,011 cents on all Canadian railways. The average American rate is 28 per cent above the average Canadian rate. Owing to the low grain rates in Canada, the C.P.R. average rate is 1,011 per ton mile, so that the average rate on American western lines is more than 50 per cent above the average C.P.R. rate.

Having completed their tour of Canada as the guests of E. W. Beatty, chairman and president of the Canadian Pacific Railway, the ten British journalists left Canada early in October for England, to relate there the story of their experiences and to give their readers the impressions they have gained of the Dominion.

During the month of August 1,132 vessels, comprising 131 trans-Atlantic, 25 coasting and 966 inland steamers, entered the port of Montreal, these having a total net registered tonnage of 1,936,946, while in the same period 1,241 vessels went out, these representing 1,932,149 net registered tons. Since the opening of navigation 787 ocean-going vessels, representing 3,488,966 net tons, have entered the port, as compared with only 649, representing 2,280,072 net tons last year; these figures being up to the midnight of September 6th.

F. F. Norcross, a well-known Chicago lawyer, had an amazing experience recently while staying at the Banff Springs Hotel and playing on the golf course there. His approach to the ninth hole was disrupted by a huge bull which tossed its antlers and stood pawing the ground with evident hostility as the lawyer prepared to play his ball. Mr. Norcross was about to observe the better part of valor when the bull's attention was distracted by the appearance of a cow elk which made an effective substitute for the golfer and both animals disappeared into the neighboring bush.

Travelling in a five-passenger 1926 improved model Ford touring car from Halifax to Vancouver, J. L. S. Strymgeous and E. Flickinger are performing a feat unique in the annals of motor travel in this country. From Franz, near Saint-Site, Marie, they travelled on the tracks of the Algoma Railroad to Fort William, having been granted the use of the lines by the Canadian Pacific Railway. The whole run of about 4,500 miles took nearly eight weeks, and a series of still and moving pictures were taken en route to commemorate the adventure.

It is understood a Scottish syndicate has purchased sixteen acres of land adjoining the best residential section of Vancouver, B.C., and will erect one hundred residences there.

Although only three years old the Oliver district of British Columbia has already become noted for its production of very fine cantaloupes. This year the production is expected to be about 25 to 26 carloads.

The 1,250,000-bushel Government Terminal grain elevator being built at Prince Rupert, B.C., will be completed by November 1st, when test shipment of ten carloads of grain will be made through it.

Notification has been received by the Hon. John S. Martin, Minister of Agriculture for Ontario, that his showing of white Wyandottes at the New York State Fair at Syracuse, had captured the trophy for the best display for the twentieth consecutive year.

By a recent Order-in-Council of the Lieutenant-Governor, premiums for clearing land, which had previously been set at \$5 an acre, were increased to \$8. The Order also provides that the premium will be paid for a maximum of twenty acres of land and, as a result of it, a settler may obtain a grant of \$100 from the Government as a reward for his work.

Considerable progress has been made during the past few years by R. M. Palmer, at Cowichan Bay, B.C., in the cultivation and propagation of new species of gladioli. In his garden, Mr. Palmer has at present growing about 150 different varieties, bulbs having been secured from all parts of the world, even Central Africa contributing its quota to this wonderful collection.

Doctor—"I suppose, Mr. Johnson, that you have given the medicine according to directions."

Mr. Johnson—"Well, doctor, I done mah best." You said give Sam one o' dese heap pills three times a day yistaday, but I done run out o' pills yistaday an' he hain't gone yit!"
